

Cabling Installation & Maintenance 2010 Editorial Calendar

Month	Technology	Data Center	IP Convergence	Wireless	Bonus Distribution
January Ad close: 12/8 Material: 12/10	Independent testing <i>Related products:</i> LAN cable testers, optical-loss test sets, optical time-domain reflectometers, bit error rate testers	Self-contained data centers <i>Related products:</i> Racks, enclosures, raised-floor systems, cable tray, aisle-containment systems		WiMax <i>Related products:</i> Wireless access points, wireless NICs, wireless routers, RF design/site-survey software	BICSI
February Ad close: 1/12 Material: 1/14	High-density patching <i>Related products:</i> Patch panels, patch cords, racks, cable ties, MPO/MTP cassettes, unshielded twisted-pair connectors, shielded twisted-pair connectors, fiber-optic connectors	LAN vs. SAN cabling <i>Related products:</i> Multimode fiber-optic cable, singlemode fiber-optic cable, fiber-optic connectors, unshielded twisted-pair cable, unshielded twisted-pair connectors, patch panels	Situation management systems <i>Related products:</i> IP cameras, situation-management software systems, access-control systems, building automation systems		AFCOM Data Center World
March Ad close: 2/5 Material: 2/9	Fiber-optic connectivity <i>Related products:</i> Fiber-optic connectors, adapters, MPO/MTP cassettes, mechanical splices, fusion splicers, patch panels	Energy-efficiency metrics <i>Related products:</i> Uninterruptible power supplies, power distribution units	Supporting IP surveillance <i>Related products:</i> Unshielded twisted-pair cable, unshielded twisted-pair connectors, Power over Ethernet powering devices, media converters, multimode fiber-optic cable, fiber-optic connectors	Optical wireless <i>Related products:</i> Free-space optics/optical-wireless transmitters, multimode fiber-optic cable, indoor/outdoor fiber-optic cable, fiber-optic connectors	ISC West OFC
April Ad close: 3/5 Material: 3/9	Shielded cabling <i>Related products:</i> Foiled/unshielded twisted-pair (F/UTP) cable, shielded twisted-pair connectors, shielded/screened twisted-pair (S/STP) cable, grounding busbars, grounding lugs	Network architectures <i>Related products:</i> Raised-floor systems, racks, enclosures, computer-room air-conditioning units, cable tray		On-premises cellular infrastructure <i>Related products:</i> In-building distributed antenna systems, wireless access points, wireless NICs, wireless routers, unshielded twisted-pair cable, multimode fiber-optic cable	
May Ad close: 4/7 Material: 4/9	Digital signage <i>Related products:</i> Unshielded twisted-pair cable, unshielded twisted-pair connectors, media converters, baluns, Power over Ethernet powering devices	Data center cabling standards <i>Related products:</i> Multimode fiber-optic cable, unshielded twisted-pair cable, foiled/shielded twisted-pair cable, cable marking and labeling equipment, racks, enclosures	Audio-video cabling <i>Related products:</i> Coaxial cable and connectors, unshielded twisted-pair cable and connectors, fiber-optic cable and connectors, media converters, baluns		InfoComm
June Ad close: 5/6 Material: 5/10	Green buildings <i>Related products:</i> Building automation systems and software	EnergyStar for SANs <i>Related products:</i> Multimode fiber-optic cable, MPO/MTP cassettes, fiber-optic connectors, racks, enclosures, patch panels	Securing a university campus <i>Related products:</i> IP video cameras, IP access-control systems, media converters, multimode fiber-optic cable, unshielded twisted-pair cable

Cabling Installation & Maintenance 2010 Editorial Calendar

Month	Technology	Data Center	IP Convergence	Wireless	Bonus Distribution
July Ad close: 6/8 Material: 6/10	FTTx technologies and the enterprise <i>Related products:</i> Fusion splicers, mechanical splices, fiber-optic connectors, OTDRs, optical-loss test sets, multimode fiber-optic cable	Cable management systems <i>Related products:</i> Cable tray, raised-floor systems, racks, enclosures, blanking panels, floor grommets, cable ties, cable-support devices		PoE/WLAN Integration <i>Related products:</i> Power over Ethernet powering devices, wireless access points, wireless NICs, media converters, unshielded twisted-pair cable, multimode fiber-optic cable	
August Ad close: 7/7 Material: 7/9	Fiber-cable protection <i>Related products:</i> Armored fiber-optic cable, conduit, innerduct, raceways, indoor/outdoor fiber-optic cable	Power supply <i>Related products:</i> Uninterruptible power supplies, power distribution units, passive cooling systems/airside economizers	Alarm systems <i>Related products:</i> IP-based alarm systems, IP-based access-control systems, unshielded twisted-pair cable, coaxial cable, baluns, media converters		
September Ad close: 8/6 Material: 8/10	Cable plant administration <i>Related products:</i> Cable marking and labeling equipment, intelligent physical-layer management systems, patch panels, patch cords, racks, enclosures	Fibre Channel and Ethernet <i>Related products:</i> Multimode fiber-optic cable, unshielded twisted-pair cable, SFP+ twinaxial cables, patch panels		Voice and video over WiFi <i>Related products:</i> Wireless access points, wireless NICs, wireless switches, RF design/site-survey software, VoWiFi phones	BICSI AFCOM Data Center World
October Ad close: 9/7 Material: 9/9	Intelligent buildings <i>Related products:</i> Building automation systems and software, unshielded twisted-pair cable, multimode fiber-optic cable, singlemode fiber-optic cable, patch cords, crossconnect jumpers	Enclosure technologies <i>Related products:</i> Enclosures, racks, cable tray	IP camera capabilities <i>Related products:</i> IP cameras, Power over Ethernet powering devices, media converters, unshielded twisted-pair cable, multimode fiber-optic cable		ISC East
November Ad close: 10/6 Material: 10/8	Power over Ethernet in use <i>Related products:</i> Power over Ethernet powering devices, patch panels, unshielded twisted-pair cable, IP cameras, wireless access points, VoIP phones	40- and 100-Gbit Ethernet <i>Related products:</i> Multimode fiber-optic cable, singlemode fiber-optic cable, shielded/screened twisted-pair (SSTP) cable, fiber-optic connectors, shielded twisted-pair connectors		Testing WLANs <i>Related products:</i> Spectrum analyzers, RF design/site-survey software, LAN cable testers	
December Ad close: 11/8 Material: 11/10	Cable testing technologies <i>Related products:</i> LAN cable testers, optical-loss test sets, tone generators and probes, visual fault locators, OTDRs, digital multimeters	Trends in cooling <i>Related products:</i> Spot-cooling fans, rack-mounted computer room air conditioners, aisle-containment systems, enclosures, passive cooling systems/airside economizers	Securing a data center <i>Related products:</i> Alarm systems, IP cameras, IP access-control systems, threat-monitoring systems
